

Teaching Together Family Workshop Manual

The Children's Learning Institute, in partnership with the Children's Museum of Houston, has created six themed workshops to encourage literacy development. During each workshop, families are presented with strategies that develop early literacy skills. Children along with their families engage in an interactive learning experience through a book read-aloud, followed by hands-on activity stations. In addition, families receive an informational handout with practical ideas on how to apply the learned strategies.

This comprehensive manual helps prepare teachers, family facilitators, or community volunteers to deliver the six themed 60-minute workshops. Training for facilitators is also available from CLI Solutions Group.

\$40.00/each

Table of Contents/Workshop Themes
